Wheaton

First Christian School Among Fundamentalists

The school board and the first graduates of the Wheaton, Ill., Christian School and their teacher, Miss Fannie S. Beer. The purchased home remodeled for school purposes is shown in the background.

The complete school board consists of seven members—four professors, all of whom are serving or have served Wheaton College, one pastor, one business man, and one carpenter. The pupils that are shown in this picture are sixth grade graduates who are now ready to enter the junior high grades offered by Wheaton College. The commencement exercises of the first graduates were held on June 8, 1944. The Wheaton Christian School opened a year ago last fall. It now has a total enrollment of 22 children. The tuition charge is \$50.00 per year; for two pupils in the same family, \$90.00; and for three or more pupils in the same family, \$110.00. According to Dr. Paul M. Wright, the president of the school board, and Dr. Gordon H. Clark, the secretary of the school board, the general interest in Christian elementary instruction is growing in Wheaton.
